

## Mesothelioma Resources

### [Mesothelioma & Asbestos Awareness Center](#)

*The Mesothelioma + Asbestos Awareness Center - Providing support, news, resources, guidance and information to those affected by asbestos or diagnosed with mesothelioma. Unlike most cancers, mesothelioma affects 3,000 people each year of which a large majority are between the ages of 50-70 of which historically, many affected are veterans or tradesmen. Whether a family member, patient, or senior health care provider, it is important to know that mesothelioma is 99% preventable and the only scientifically proven cause is due to exposure to asbestos. Visit the Mesothelioma + Asbestos Awareness Center website for more information and support.*
